

**RESOURCE PROTECTION GUIDELINE DEVELOPMENT  
RELATED TO  
COASTAL REGIONAL SEDIMENT MANAGEMENT**

**Workshop 1 Handout  
Guideline Priorities**

# Guideline Consideration Priorities

Agency/Affiliation \_\_\_\_\_ Location (N. or S. CA)

	1	2	3
Available Procedural Guidance			
Consistency with Other Relevant Guidelines			
Address Data Gaps			
Relative Impact Concern			
Sensitivity of Resource			
High Likelihood of Effectiveness			
Practical			
Easy to Implement			
Easy to Verify			
Cost-Effective			
Tiering (Based on Project Type, Size, or Method)			
Other			

# Priorities By Guideline Type

Agency/Affiliation \_\_\_\_\_ Location (N. or S. CA)

	1	2	3
<b>Agency Coordination</b>			
Endangered Species Act Coordination			
Essential Fish Habitat Assessment			
Marine Protected Area Coordination			
Other Agency Coordination			
<b>Stakeholder Coordination</b>			
Fishing Organizations			
Other			

# Priorities By Guideline Type

Agency/Affiliation \_\_\_\_\_ Location (N. or S. CA)

<b>Project Design Considerations</b>	<b>1</b>	<b>2</b>	<b>3</b>
Sediment Compatibility - Quality			
Environmental Design			
Environmental Implementation Strategy			
Reduce Maintenance Frequency			
Other			
<b>Impact Evaluation</b>			
Thresholds of Significance			
Direct Impacts			
Indirect Impacts			
Cumulative Impacts			
Essential Fish Habitat Assessment			

# Priorities By Guideline Type

Agency/Affiliation \_\_\_\_\_ Location (N. or S. CA)

<b>Best Management Practices</b>	1	2	3
Buffers			
Construction Equipment, Methods, and BMPs			
Dredge Equipment and Operational Controls			
Environmental Coordination and Notifications			
Location Controls			
Mitigation and Monitoring			
Notifications			
Response Plans			
Schedule and/or Seasonal Restrictions			
Training			

# Priorities By Guideline Type

Agency/Affiliation \_\_\_\_\_ Location (N. or S. CA)

	1	2	3
<b>Monitoring and Reporting</b>			
Pre-Construction			
Construction			
Post-Construction			
Indicators			
Impact Relevance			
Standardization Considerations			
<b>Performance Evaluations</b>			
Database Tools			
Mitigation Effectiveness			
<b>Future Guideline Updates</b>			

# Guideline Priorities By Resource

Agency/Affiliation \_\_\_\_\_ Location (N. or S. CA)

Habitat	1	2	3
Dune/Strand			
Sandy Beach			
Sandy Subtidal			
Reefs			
Kelp Beds			
Eelgrass			
Surfgrass			
Bays			
Wetlands			

# Guideline Priorities By Resource

Agency/Affiliation \_\_\_\_\_ Location (N. or S. CA)

Species Group - Invertebrates	1	2	3
Abalone			
Lobster			
Pismo Clam			
Sea Urchins			
Sandy Beach Invertebrate Recovery			
Sandy Subtidal Invertebrate Recovery			
Rocky Intertidal Invertebrates			
Rocky Subtidal Invertebrates			
Other			

# Guideline Priorities By Resource

Agency/Affiliation \_\_\_\_\_ Location (N. or S. CA)

Species Group - Fish	1	2	3
Grunion			
Pacific Herring			
Salmonids			
Bottom-Dwelling Fish			
Nearshore Water Column Fish			
Subtidal Reef Fish			
Tidepool Fish			
Other			

# Guideline Priorities By Resource

Agency/Affiliation \_\_\_\_\_ Location (N. or S. CA)

Species Group - Birds	1	2	3
California Brown Pelican			
California Least Tern			
Western Snowy Plover			
Gulls			
Skimmers, Other Terns			
Shorebirds			
Wading Birds			
Waterfowl, Seabirds			
Other			

# Guideline Priorities By Resource

Agency/Affiliation \_\_\_\_\_ Location (N. or S. CA)

<b>Species Group – Marine Mammals</b>	1	2	3
Sea Otter			
Pinnipeds			
<b>Cetaceans</b>			
Dolphins, Porpoises			
Whales			
<b>Other</b>
