EQUIPMENT GRANT REGULATIONS STAKEHOLDERS' WORKSHOP

The Department of Boating and Waterways is in the process of developing State regulations for the Boating Safety and Enforcement Grant Program (note: that this is not the Boating Safety and Enforcement Financial Aid Program for which regulations have already been developed). These regulations are intended to clarify several aspects of the Boating Safety and Enforcement Grant Program related to equipment and training grants administered through the Program.

In order to develop regulations that meet stakeholders' needs and to comply with the State Administrative Procedures Act, the Department is conducting a Stakeholder Workshop to discuss the conceptual framework of the regulations. The workshop is scheduled for Thursday, March 9, 2006, from 10:00 am to 2:00 pm, at:

***RADISSON HOTEL SACRAMENTO
500 Leisure Lane
Sacramento, CA 95815***

Enclosed is the agenda for the Stakeholder Workshop. In addition, an overview of the proposed conceptual regulations will be posted on the Department's website (www.dbw.ca.gov) on or before March 1, 2006.

Please RSVP to Corrina Dugger at (916) 263-8184 or via email at cdugger@dbw.ca.gov to let her know how many persons from your agency will attend. If you are unable to attend the workshop and have comments regarding the proposed conceptual regulations, please provide your comments in writing to Corrina at:
