

Public Notice:

**HUMBOLDT BAY AREA WORKSHOP  
on the  
CALIFORNIA COASTAL SEDIMENT MANAGEMENT  
MASTER PLAN**

**Tuesday June 22, 2004  
10:00 am – 3:00 pm  
UC Agricultural Extension Service Building  
5630 South Broadway  
Eureka, CA**

**(The workshop location can be accessed via the Humboldt Hill Road exit off of the 101 Freeway. The workshop will be in the large conference room on the left side of the building.)**

*This is the last of seven initial public outreach workshops. See the website below for details about the other workshops.*

**The Workshop is being hosted by the Humboldt Bay Stewards**

The workshop is for the purpose of obtaining comments from the public, including representatives of public agencies, private and non-profit organizations, and interested individuals, as the Sediment Master Plan process is being initiated. The Sediment Master Plan is being prepared by the State of California Resources Agency and the U.S. Army Corps of Engineers. The Sediment Master Plan focuses on developing an implementation strategy for integrated, region-wide solutions to sediment management problems. Examples of the issues to be addressed by the Sediment Master Plan are beach erosion and excess sedimentation in coastal wetlands and harbors.

Visit the Sediment Master Plan website for details: [www.dbw.ca.gov/csmw.htm](http://www.dbw.ca.gov/csmw.htm)
