

CSMW Action Items

February 6, 2007

1. **ALL** - send Clif any comments you have on letters to folks that sent in comments regarding Status Report by **13 FEB** (letters are on the ftp site)
2. **Clif** - send out original Status Report comments **ASAP**
3. **Clif**- Contact Karen Green and request to meet with SAIC to discuss delivery of biological impacts report.
4. **Management Subcommittee** - meet to determine impacts to Master Plan based on Status Report comments
5. **Syd**- Send name of new SLC contact to Chris Potter. (Mary Woods has been filling in for Jane Smith on SLC assistance to SMP projects). (carryover item)
6. **Heather** - send out USACE LAD Project website link to CSMW, Clif for posting on website
7. **MaLisa** - talk with Mark about GIS database (Jen Dare's work)
8. **Clif/Kim** - proceed with regional RSM plans for AMBAG, BEACON, SANDAG
9. **Clif**- add Data Gap identification to the scope for the CRSMPs
10. **Heather**- continue efforts to identify whether additional funding can be obtained and used to accommodate the need for regional programmatic EIR/EIS
11. **Jim/George**- Contact Brian Foss to identify the various hoops he had to jump through; invite him to next CSMW meeting.
12. **Clif/Heather** - set-up meeting with CRSMP subcommittee and appropriate regulatory folks to discuss needs and scope for a programmatic Regional EIS/EIR - **between March 1-9**
13. **MaLisa** - establish link between IMS and CBRs report pages and photos from California Records Project
14. **MaLisa**- Establish linkage to ports and harbors
15. **Clif/Chris/Kim** - Need to add a strong disclaimer to CBRs report . Provide document to Brian for his efforts in early March.
16. **MaLisa**- Provide Beaches GIS layer to Lesley for Coastal Commission project.
17. **ALL** - The IMS site is up and running. Please go to the site and give MaLisa/Heather feedback
