

California State Parks, Division of Boating and Waterways
2016/17 Quagga and Zebra Mussel Infestation Prevention Grant Program (\$3,750,000 Total Available Funding)
Project Funding Summary

Project	Reservoir	Project Type	Brief Project Description	Applicant	Funding Requested (\$)	Funding Decision	Amount Funded (\$)	Conditions and/or Rationale
Big Bear Lake Quagga and Zebra Mussel Infestation Prevention FY 16/17	Big Bear Lake	Implementation/ Construction	The project will enhance the reservoir's current QZ prevention program by replacing and upgrading existing decontamination units, and purchasing a flow camera for aquatic invasive species monitoring. Funding will also go towards watercraft inspection personnel and operational costs.	Big Bear Municipal Water District	400,000.00	Partially	345,000.00	Funding will be decreased for the well drilling.
Plan Update	Anderson, Calero, Coyote, Lexington	Implementation/ Construction	The project entails hiring a consultant to manage and update the Bay Area Consortium Zebra & Quagga Mussel Coordinated Prevention Plan.	Santa Clara County Parks and Recreation Department	200,000.00	Withdrawn by Applicant	0.00	
Vessel Inspection Program at Reservoirs in Santa Clara County	Anderson, Calero, Coyote, Lexington	Implementation/ Construction	The project will implement physical vessel inspections at 4 reservoirs in Santa Clara County. Funding will go towards equipment & trained personnel needed to successfully establish the Vessel Inspection Program at the County's Vessel Inspection Sites. The project also includes operational improvements related to vessel inspection tracking, inspection station improvements, traffic flow, signage, and education.	Santa Clara County Parks and Recreation Department	278,273.24	Pending		
San Luis Recreation Area Dreissenid Mussel Inspection and Education	San Luis Reservoir, O'Neil Forebay, Los Banos Creek Reservoir	Implementation/ Construction	The project is for the implementation of the reservoir's existing Dreissenid mussel watercraft inspection and education program at the San Luis Reservoir State Recreation Area.	California Department of Water Resources	400,000.00	Fully	400,000.00	Fully Funded without conditions.
Stanislaus County Reservoirs	Modesto Reservoir Woodward Reservoir	Implementation/ Construction	The project will implement a mussel dog inspection program at both Modesto and Woodward reservoir. Funding will also go towards the purchase of an electronic sign that will display relevant messages at the Woodward reservoir's main launch ramp.	Stanislaus County Parks and Recreation Department	285,403.60	Fully	285,403.60	Fully Funded without conditions
Printer / Scanner / Copier	Silverwood Lake	Implementation/ Construction	The project is to improve customer service, public education, and productivity at the reservoir's inspection station of Silverwood Lake SRA.	Department of Parks and Recreation- Tehachapi District- Silverwood Lake SRA	15,225.00	Fully	15,225.00	Fully Funded without conditions

California State Parks, Division of Boating and Waterways
2016/17 Quagga and Zebra Mussel Infestation Prevention Grant Program (\$3,750,000 Total Available Funding)
Project Funding Summary

Project	Reservoir	Project Type	Brief Project Description	Applicant	Funding Requested (\$)	Funding Decision	Amount Funded (\$)	Conditions and/or Rationale
Handheld Radios	Silverwood Lake	Implementation/ Construction	The project is for the replacement of aging handheld radios used by inspectors at the reservoir's inspection station.	Department of Parks and Recreation- Tehachapi District- Silverwood Lake SRA	85,000.00	Fully	85,000.00	Fully Funded without conditions
Improved and Additional Inspection/Launch Site Facilities	Ruth Lake	Implementation/ Construction	The project aims to improve traffic flow at the reservoir's inspection sites through the installation of a gate arm at the reservoir's marina and the construction of a public launch at Old Ruth's site.	Humboldt Bay Municipal Water District	63,500.00	Fully	63,500.00	Fully Funded without conditions
Quagga and Zebra Mussel Infestation Prevention FY 2016 / 17	Clear Lake	Implementation/ Construction	The project will provide funding to support Clear Lake's current prevention program's staff and training. The project aims to implement decontamination and inspection training to ramp monitors who screen and educate boaters about quagga and zebra mussels prior to launching.	Lake County Watershed Protection District	312,606.06	Fully	312,606.06	Fully Funded without conditions
County of Monterey Mussel Prevention Program	Lake Nacimiento Lake San Antonio	Implementation/ Construction	The project will continue the invasive quagga and zebra mussel inspection program, improve capacity for vessel tracking using the Quagga Inspection Database (QID), and provide gate and security upgrades to prevent uninspected vehicles from entering the reservoir. This project will also provide training for inspectors, and expand the invasive mussel outreach and education program.	County of Monterey	250,000.00	Fully	250,000.00	Fully Funded without conditions
San Luis Reservoir SRA Watercraft Interception Program Vehicle lease project	San Luis Reservoir, O'Neil Forebay, Los Banos Creek Reservoir	Implementation/ Construction	This project will replace three high mileage trucks currently being used for the San Luis Reservoir Watercraft Interception Program. The vehicles are used by inspection staff to monitor, assist, and transport staff as necessary.	State of California Department of Parks and Recreation	60,293.00	Withdrawn by Applicant	0.00	The DBW QZ grant cannot be utilized to purchase vehicles; however the applicant could lease vehicles that would be utilized for the reservoir's quagga and zebra mussel infestation prevention program, for the term of the agreement, however the applicant withdrew their application.
