# Floating Aquatic Vegetation Control Program: Priority and Nursery Sites for 2017

Prioritization and ranking consider whether or not a site is a nursery area (i.e. historical high infestation), the current level of infestation, the potential for infestation, and the use level of the waterway (i.e. navigation, public safety, recreation, and/or commercial use).

Treatment site priority and selection is subject to change during the treatment season due to governmental requirements, weather conditions, plant growth and movement, waterway traffic, presence of special status species, presence of sensitive crops in adjacent land, and other conditions.

Sites in the North Delta were not prioritized as herbicide treatment cannot begin until June 1, 2017. Merced County and Fresno County sites were not included in the prioritization process. Sites with a red outline and fill indicate that the site has also been identified as a nursery site.

## Central Delta

Priority	Site ID	Site Name
Very High	13	Heypress Reach, Hog Island Cut, San Joaquin River, Stockton Deep Water Channel, 21-Mile Cut
	14	San Joaquin River
	15	Empire Tract Slough
	26	Fourteen Mile Slough
	28	Fourteen Mile Slough
	37	White Slough
	48	Middle River
	49	Middle River
	56	Middle River
	58	Middle River
	59	Middle River
	65	Latham Slough
	74	Sugar Cut, Tom Paine Slough
	76	Old River
	77	Old River
	78	Old River
	97	Rock Slough
	291	Paradise Cut
High	6	French Camp Slough, Walker Slough
	8	Mormon Slough, San Joaquin River, Stockton Deep Water Channel
	10	Buckley Cove, San Joaquin River, Stockton Deep Water Channel
	11	Black Slough, Black Slough Landing, Fourteen Mile Slough, San Joaquin River
	12	Turner Cut
	29	Fourteen Mile Slough
	32	Disappointment Slough
	33	Disappointment Slough
